"Creating Responsible Global Citizens"

Newsletter 2024-25 Second Trimester

From Principal's Desk

Dear Parent,

As we move forward in today's rapidly evolving world, we are witnessing students develop impressive levels of confidence, skills, and understanding. Our young learners are mastering complex subjects, utilizing advanced technology, and excelling in various extracurricular activities. Their confidence to express ideas and tackle challenges is inspiring and indicative of a bright future ahead.

However, we are also noticing a growing concern: a lack of empathy. While academic and personal growth is paramount, the ability to connect with others, understand diverse perspectives, and show compassion is sometimes overlooked. In an increasingly digital world, where face-to-face interactions are limited, the development of empathy can be unintentionally sidelined.

To address this, we encourage you to engage in meaningful conversations with your children about the importance of empathy. Encourage them to volunteer, participate in community service, and collaborate with peers. These experiences help foster an understanding of others' needs and emotions. Additionally, modeling empathetic behavior at home—actively listening, showing kindness, and valuing others' feelings—can reinforce these lessons.

Together, we can support our students in becoming not only skilled individuals but also compassionate and caring members of society.

Warm regards,

Padmaja Chavali
